

MARTINTM
D O O R

*"The World's Finest, Safest Doors"*TM

SINCE 1936

WWW.MARTINDOOR.COM

Looks like wood, built like wood,

Front Cover: - SP119X - Bottom - Athena Custom-SP 162-Faux over Faux 909 Dark - Athena 211 Frosted Glass - Long Panel White - Flush, Ash

111 / V-Angle / 63 Windows / Dark Brown

made of steel. Now with Angles!

- Martin's steel garage door looks exactly like wood, without the upkeep or cost.
- Stiles and rails are bolted together, not glued, not overlaid, so they can not delaminate.
- True 3/4" panel depth.

h, Ash Woodgrain, Side Lights - Pinnacle 64 - Long Panel Bronze

The steel Pinnacle, now with angle stiles, provides the same beautiful look as aluminum and wood but costs up to 40% less.

[†] See manufacturer's written warranty for details and limitations. Classic Windows warranty is 3 years.

^{*} Martin Standard section 5-year warranty can be upgraded to premium hardware, which comes with a hardware lifetime warranty.

HARDWARE

Martin's hardware is long lasting, corrosion resistant, and has better safety features than industry standard.

Spring

Center-mount springs have a high risk of explosive discharge due to spring torque. Martin's side-mounted Safety Spring system helps prevent accidents from happening. Side or center-mount springs are available on all doors.

Track & Roller

Martin hardware comes with hemmed edges and reduced hole size to help prevent injury. Martin rollers have 11 sealed ball bearings, and are pre-lubricated for smooth use. Roller shields are used for additional finger safety.

Hinge

Martin's low-profile safety hinge premium reduces the gap between sections.

Lift Cable

Martin's thicker 1/8" (3mm) cable protects from breakage, making your door safer.

INDUSTRY STANDARD

- Oil-tempered spring
- 5,000 - 10,000 life cycle

- 3/32" (2.4mm) thick
- No loop protection

! WARNING
INJURY OR DEATH

MARTIN STANDARD

- Galvanized Springs
- 15,000 life cycle

- 1/8" (3mm) thick
- 2000 lbs. lift capacity
- Extra loop protection

5 Year Warranty

MARTIN PREMIUM

- Galvanized Springs
- 30,000 life cycle

- 16 Gauge Steel
- Reverse Angle

- 1/8" (3mm) thick
- 2000 lbs. lift capacity
- Extra loop protection

Lifetime Warranty*

* See manufacturer's written warranty for details and limitations.

† Some doors require only one spring due to weight.
